1. Based on the fact that no further resupply mission will be attempted by air during 1953, it is requested that the field case officer forward to headquarters disposition of all supplies that had been accumulated for the operation i.e. stored, disbursed and where, or sent to U.S. Regarding the translated copies of the intelligence requirements, it is requested that they be forwarded to headquarters or be kept by the field case officer in his operational files in the field. Thus, they can be easily located when and if we decide fly resupply mission 1954.

2. Desire you forward to headquarters plans disposal or other regarding the three trainees. Is there any possibility they are still capable of undertaking mission during 1954, if they were included with other trained personnel.

3. As soon as all operational details regarding current AERODYNAMIC-CAMPUS undertaking are resolved action will be initiated at headquarters, which will revert communications control to headquarters. Planning is for setting-up an apparatus which would enable smooth transfer of control to the field during period of unusual activity, which would require close coordination, with least loss of time, between field and CAMPUS i.e. dispatch etc.

4. As stated to the field case officer, during his short TDY at headquarters last spring, funds were requested and obtained to cover salaries of the four F/A graduates now working under AERODYNAMIC project in the field. The total amount granted to cover all four salaries is \$4,800.00. In talking with CAMPUS 2 he stated that no funds were
